Handbook

www.transport-namas.org/resources/handbook/

Handbook NAVIGATING TRANSPORT NAMAs

The handbook “Navigating Transport NAMAs” contains relevant information for developing and implementing a mitigation action in the transport sector.

Part I contains generic information on mitigation action in the transport sector, including (1) Policy Identification, (2) MRV, (3) Financing and (4) Registration.

Part II provides a range of best-practise examples from different countries.

Toolbox

www.transport-namas.org/resources/toolbox/

The toolbox provides hands-on assistance to practitioners who want to design a Transport NAMA. Each tool comes with a brief description that introduces its specific aim and purpose. The toolbox includes tools such as for instance a *Screening Potential Transport NAMAs – A Decision Tool* or a *NAMA Concept Note for internationally supported NAMAs*.

We’re continuously developing new tools, that you will find on [online](#)

Reports & Publications

www.transport-namas.org/resources/publications/

T-NAMA Report 2014 *Insights from a successful take off and ingredients for upscaling*

The t-NAMA-Report 2014 is a rather qualitative analysis of challenges, good practices and support needs of t-NAMA development.

T-NAMA Report 2013 *Transport NAMAs: An Overview*

The report gives an overview of transport NAMAs and an initial analysis of the Transport NAMA Database, an a compilation of initiatives supporting NAMAs as well as recent developments in the field.

Executive Summaries of Concept Documents

The Executive Summaries provide an overview on each NAMA: Starting with its motivation and objective, insights on the scope of the NAMA, its mitigation potential and next steps.

SUTP Sourcebook

This Sourcebook on Sustainable Urban Transport addresses the key areas of a sustainable transport policy framework for a developing city. The Sourcebook

consists of 30 modules. All modules are available in English and some of them are also available in other languages.

TRANSfer-Factsheets

Practical fact sheets on policies and measures for mitigating GHG emissions in the transport sector.

TRANSfer News & Leaflets

www.transport-namas.org/transfer-news/

TRANSfer News online

Brief updates on our activities, upcoming events and recent publications. TRANSfer News informs about current *projects*, upcoming *events* as well as *publications* from our partner countries as well as associated and transport and climate countries.

TRANSfer Project Leaflet

Overview of the project TRANSfer - Towards Climate-Friendly Transport Technologies and Measures

Bridging the Gap Leaflet

Overview on the Bridging the Gap Initiative. It is a multi-stakeholder partnership working actively towards integrating transport into the international climate negotiations.
